

## LIMITED WARRANTY

### Timken Alcor Aerospace Technologies, Inc. & Bearing Inspection, Inc.

Timken Alcor Aerospace Technologies, Inc. and Bearing Inspection, Inc., collectively known as **Timken Aerospace Aftermarket Solutions** ("Timken Aftermarket Solutions"), provide the following limited warranties to our customers for manufactured parts, engine, component, and part overhaul and repair services, and bearing overhaul services.

FAA/PMA Replacement Parts for Small Gas Turbine Engines. PMA replacement parts ("PMA Parts") will be free from defects in materials and workmanship, as defined by Timken Aftermarket Solutions' standards, and shall conform to the descriptions provided in writing by Timken Aerospace, for a period of 24 months, 1000 hours, or cycle limit, whichever occurs first, from date of installation, but in any event no later than 12 months from the date of delivery. PMA Parts with a specified shelf life shall not be warranted for any time longer than that shelf life.

Repair services. Repair services shall be performed in a workmanlike manner and repairs shall be free from defect in workmanship, as determined by Timken Aftermarket Solutions' standards of repair, under normal operating conditions for 12 months or 1,000 flight hours, whichever comes first. Repaired components are so warranted for 6 months or 500 flight hours whichever comes first. This limited warranty is void if repaired goods are damaged by negligence, misuse, modification, or misapplication.

Defects in repairs must be claimed within 12 months or 1,000 flight hours on overhauled components, or 6 months or 500 flight hours on repaired components. Timken Aerospace must be given notification in writing within thirty (30) days of the discovery of the claimed defect.

Bearing Overhaul. Bearings overhauled will be free from defects in material and workmanship, as defined by Timken Aerospace overhaul standards, for a period of one (1) year from the date of overhaul, under normal use and service when correctly installed and maintained.

Warranty Conditions. These Limited Warranties are void under the following conditions:

PMA Parts must have been installed by a facility approved to perform repair/overhaul of the PMA engine. The installer must have current manufacturer manuals and must have properly trained personnel performing the installations. Installation of PMA Parts must be documented by approved engine assembly documents and work orders providing traceability and date of installation.

The engine in which the Part or overhauled component was installed must have been operated within the limitations and guidelines as outlined by the original equipment manufacturer's manual, or technical data approved by or released by Timken Aftermarket Solutions, or any technical data approved by OEM or FAA other than the existing manuals. The engine must not be modified in any way, except for FAA approved STC or modifications approved by the OEM. The PMA Part must not be modified in any way, unless expressly approved by Timken Aftermarket Solutions. If the engine, PMA Part, or repaired component has not been maintained and operated in accordance with the original manufacturer's manuals or other expressly approved written instructions, has been replaced

or altered outside of Timken Aftermarket Solutions facilities in any way which may impair its safety, operation, or efficiency and must not have not been subjected to misuse, neglect, accident, or damage by the elements.

This limited warranty is void if the PMA Part is subjected to misuse, corrosion, erosion, over-temperature, improper installation, accident, foreign object damage, improper storage, or damage in transit.

This limited warranty does not cover (i) bearings which have been repaired or modified or used in conjunction with third-party equipment not authorized or intended by Timken Aftermarket Solutions, (ii) bearings subjected to unusual physical, thermal, or electrical stress, improper installation, misuse, abuse, accident, or negligence in use, storage, transportation or handling, or (iii) bearings considered consumable items or items requiring repair or replacement due to normal wear and tear (if any).

Timken Aftermarket Solutions must have an opportunity to inspect the any part or component subject to a warranty claim. Notice of warranty claims must be given in writing to Timken Aftermarket Solutions no later than 30 days after malfunction or failure.

Limitations of Warranty. These Limited Warranties are provided by Timken Aftermarket Solutions IN LIEU OF any other warranties, express or implied, including any implied WARRANTY OF MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. The terms contained herein constitute the entire agreement of the parties and warranty representations of Timken Aftermarket Solutions. There are no other representations, warranties, or guarantees applicable to the sale of Timken Aftermarket Solutions products or services unless otherwise expressly agreed to in writing by a duly authorized officer or agent of Timken Aftermarket Solutions. Any warranty terms or conditions set forth on a customer's purchase order or any other document are expressly rejected by Timken Aftermarket Solutions.

Exclusive Remedy/Limitation of Liability. The sole and exclusive remedy for any claimed breach of these limited warranties shall be repair or replacement of the part(s) or correction of the service work performed, at the sole discretion of Timken Aftermarket Solutions, plus shipping and handling of replacement parts and direct labor costs for removal and installation only. If repair is Timken Aftermarket Solutions' choice for corrective action, and customer opts to have new part installed, the cost of repairing the part will be discounted from the current published sell price of a new part.

Timken Aftermarket Solutions shall not be liable for any consequential, incidental, or other damages sustained by purchaser, including but not limited to loss of profits or revenue, loss of use of product, cost of capital, cost of substituted product, facilities, services, or claims of purchaser's customers for any damages. This **exclusive** remedy applies regardless of the nature of purchaser's claim, whether in contract, tort, express or implied warranty, negligence, or strict liability, upon which damages are claimed and regardless of whether the same is due to our negligence or any defect in our product or services.

Continued Limited Warranty After Remedy. Limited Warranty for part(s) covered continues from the original date of installation of part covered by warranty. The use of a new part at Timken Aftermarket Solutions 'option does not constitute a new warranty period or extend the warranty for warranted parts. The use of repair option carries the remaining original limited warranty period or repair agency's warranty whichever is greater.
