10.5"

ORIGINAL EQUIPMENT IS ALWAYS BETTER.

If you could replace the original with the original, why wouldn't you? For example, Timken's full line of automotive aftermarket products. From automotive to heavy-duty to agricultural and more, you can count on Timken's OE experience to deliver the greatest range of products in the industry. Anyone can say they're an expert. We have a century's worth of experience to prove it. To find out more, call 1-800-223-1954 and ask for Automotive Aftermarket; visit www.timken.com; or send an e-mail to auto.am@timken.com.
