12P43750*	Hand Installed	20,000# Trailer Axle, Meritor, Shuler		43754			65598
12P46250	Hand Installed	22,500# Trailer Axle, Dana, Eaton, Meritor TN, Standard Forge	373-0243	46300	380025A	MER0243	65560

*New Item, Check for Availability **Bold = Priority Stocking Part Numbers**

Simplified Installation: Installable with any flat tool including your hand, the design promotes accurate and square installation.

Extended Seal Life: Advanced material compositions promote longer seal life across a broad temperature range (-40°F to 310°F [-40°C to 150°C]).

Advanced Protection: Three contaminant exclusion barriers help prevent dirt and other debris from causing premature seal failure.

Impressive Sealing: Wide shoulder coverage provides protection on worn or damaged axle shoulders.

Bold = Priority Stocking Part Numbers

Rugged Durability: Designed to help prevent the seal from walking out of the hub bore; effective heat transfer away from the sealing lip.

Extended Seal Life: Corrosion-proof spacers with multiple vent holes enables free flow of lubricant to the sealing lip.

Innovative Protection: Contamination exclusion system helps prevent seal lip damage and protects across a broad temperature range (-20°F to 225°F [-29°C to 107°C]).

Impressive Sealing: Wide shoulder coverage provides protection on worn or damaged axle shoulders.

Simplified Installation: Available with tools designed to simplify accurate installations (Timken commercial grade tools or the Timken Insta-Tool®).
