

GOVERNMENT CONTRACTS SUPPLEMENT TO TERMS AND CONDITIONS OF PURCHASE

1. Additional Government Provisions

1.1. Where Timken's purchase order indicates that the Products or Services furnished under the Agreement are for use in connection with a U.S. Government prime contract ("Prime Contract") or subcontract ("Subcontract"), the provisions of this Government Contracts Supplement ("Supplement") (as amended from time to time) shall also apply. Seller shall periodically check the Timken Supplier Network (<http://tsn.timken.com>) for changes. Except as otherwise provided in Section 5.4 below, in the event of any conflict between any term in this Supplement and any other term contained in the Agreement, the terms of this Supplement will be controlling. Capitalized terms not defined herein shall have the meaning given in the Timken General Terms and Conditions of Purchase.

1.2. Seller shall include in all subcontracts and purchase orders that it issues, any clause that by its terms is required to be included in lower-tier subcontracts and purchase orders. Seller shall indemnify and hold Timken harmless to the full extent of any loss, damage or expense resulting from Seller's failure to include a required clause in its subcontracts and purchase orders.

2. Export Controls

2.1. Seller shall comply with the Export Administration Regulations and the International Traffic in Arms Regulations ("ITAR"). Any violation of such regulations related to items generated or accessed in the performance of a Prime Contract or Subcontract shall constitute a material breach of the Agreement. Further, the following terms and conditions apply to the Agreement, where: (i) Seller is providing a defense article or a defense service (as defined below) to Timken; or (ii) Timken is providing a defense article or a defense service to Seller (usually in the form of controlled information, technical data or technical assistance).

2.2. Definitions. The following definitions are provided for convenience. Consult the applicable statute or regulations for the legal definition of these terms.

2.2.1. The "Arms Export Control Act" ("AECA") is a U.S. statute that gives the President of the U.S. the authority to control the export and the import of defense articles and defense services.

2.2.2. A "defense article" is any item or technical data on the U.S. Munitions List. Generally, this includes any item designed or modified for a military application.

2.2.3. A "defense service" includes furnishing assistance to a Foreign Person regarding a defense article, furnishing technical data (which is on the U.S. Munitions List) to a Foreign Person, and providing military training to Foreign Persons.

2.2.4. The "Directorate of Defense Trade Controls" ("DDTC"), Bureau of Political-Military Affairs, U.S. Department of State is the agency that administers the ITAR.

2.2.5. An "Empowered Official" is a U.S. citizen or person admitted for permanent residence (*i.e.*, "green card" holder), who is responsible for Seller's export compliance under the AECA and ITAR, and who has the independent authority to stop or suspend exports, if same would violate the law.

2.2.6. An "export" includes (but is not limited to): sending a defense article out of the U.S. or transferring a defense article to a foreign government embassy or mission in the U.S.; disclosing or transferring technical data (on the U.S. Munitions List) to a Foreign Person, even if that Foreign Person is in the U.S.; and performing a defense service for a Foreign Person, even if in the U.S.

2.2.7. "Foreign Person" is an individual who is not a lawful permanent resident of the U.S. (such as a U.S. citizen or "green card" holder) and is not a protected individual under U.S. law (*e.g.*, individual granted political asylum). Foreign Person also includes foreign corporations, partnerships and entities, *i.e.*, those not incorporated or organized to do business in U.S. A U.S. citizen who is an employee of a foreign corporation is considered a Foreign Person, even though he or she is a U.S. citizen.

2.2.8. The "International Traffic in Arms Regulations" ("ITAR") are the regulations that implement the AECA.

2.2.9. A "Technical Assistance Agreement" ("TAA") is an agreement for the performance of defense services or disclosure of technical data, but which cannot be used to transfer or disclose production rights or manufacturing know-how.

2.2.10. A "Technology Control Plan" ("TCP") is a procedure to control access to sensitive technology by Foreign Persons. A sample TCP can be provided to Seller by Timken, upon request.

2.2.11. The "U.S. Munitions List" ("USML") is a list of articles, services and related technical data, designated as defense articles and defense services by the U.S. The USML is at Section 121.1 of the ITAR.

2.3. General Requirements for Seller's Business:

2.3.1. Seller's Empowered Official shall sign the subcontractor certification attached hereto as Appendix 1 and shall deliver it to Timken's Global Trade & Compliance department ("GT&C") (timkenexport@timken.com). Seller shall provide re-certifications from time to time upon Timken's request.

2.3.2. Seller agrees to include the terms of this Section 2 in any contract with any of Seller's subcontractors or other agents involved in Seller's work for Timken. Specifically, prior to engagement of Seller's subcontractors, Seller shall obtain and deliver to Timken the certification attached as Appendix 1, whenever: (i) Seller's subcontractor is providing a defense article or a defense service to Seller; or (ii) Seller is providing a defense article or a defense service to Seller's subcontractor.

2.3.3. Timken has the right to enter Seller's premises or other locations where Seller's work for Timken is being done (including the premises of Seller's subcontractor), with reasonable advance notice, during normal business hours or other reasonable times, to audit (including making copies of) Seller's records to confirm compliance with this Section 2 including the certification by the Empowered Official. Seller shall allow (or arrange with Seller's subcontractor) access to such facilities and cooperate fully (or arrange Seller's subcontractor's full cooperation) with Timken. In the event that Seller (or its subcontractor) is not in compliance, Seller shall pay the reasonable attorneys' fees and costs associated with the audit and any resulting disclosure to DDTC.

2.4. If Seller is providing defense articles to Timken:

2.4.1. Seller's invoice, packing slip, and other documents related to any defense articles for Timken shall clearly state that the shipment contains defense articles.

2.4.2. If Seller exports defense articles at Timken's request or on Timken's behalf, where Timken is shown as the exporter of record, Seller must notify GT&C a reasonable time prior to export (timkenexport@timken.com) and receive written authorization from

GT&C, before Seller exports. Seller shall then provide Timken with a copy of the Electronic Export Information filed with the U.S. Department of Census' Automated Export System, together with a copy of the appropriate export license from DDTC.

2.5. If Seller is providing defense services to Timken:

2.5.1. If Seller does not have a Timken-approved TAA covering the intended defense services, Seller shall notify GT&C in writing before beginning the provision of any defense services for Timken.

2.5.2. Seller shall not export any defense services on Timken's behalf or in Timken's name, without prior written authorization by GT&C and an approved TAA in place.

2.6. Seller shall indemnify and hold Timken harmless against any loss, cost or damage suffered by Timken arising out of Seller's violation of, or failure to comply with, the export control laws referenced in this Section 2, or Seller's failure to comply with the obligations set forth in this Section 2.

3. Orders for Commercial Items

If Timken has determined that the Products being supplied by Seller under this order meet the definition of "commercial item" under FAR 2.101, then only the clauses marked with an asterisk (*) in Sections 4, 5 and 6 below will apply to this order.

4. Certifications

Seller, by accepting Timken's purchase order, hereby certifies compliance with the following clauses and shall indemnify and hold Timken harmless from and against any loss, damage, liability or expense resulting from any failure of Seller or Seller's lower-tier subcontractors or vendors to provide accurate certifications:

4.1. 52.225-20 Prohibition on Conducting Restricted Business Operations in Sudan – Certification (Jun 2008)

4.2. If the value of this order exceeds \$10,000:

52.219-1 Small Business Programs Representations (Apr 2002)

52.219-22 Small Disadvantaged Business Status (Oct 1999)

52.222-22 Previous Contracts and Compliance Reports (Feb 1999)

4.3. If the value of this order exceeds \$25,000:

*52.209-5 Certification Regarding Debarment, Suspension, Proposed Debarment, and Other Responsibility Matters (May 2008)

4.4. If the value of this order exceeds \$100,000:

52.203-11 Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions (Sep 2007)

52.204-5 Women-Owned Business (Other Than Small Business) (May 1999)

52.223-13 Certification of Toxic Chemical Release Reporting (Oct 2000)

5. Equal Opportunity

Timken and its subcontractor(s) shall abide by the requirements of 41 CFR 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability.

6. Additional Government Clauses

6.1. As used herein, "FAR" shall mean the Federal Acquisition Regulation, and "DFARS" shall mean the Defense Federal Acquisition Regulation Supplement.

6.2. The FAR/DFARS Clauses set forth on the following pages are hereby "flowed down" from the applicable Prime Contract or Subcontract and are incorporated by reference with the same force and effect as if they were given in full text. Referenced clauses shall apply to Seller in such a manner as is necessary to reflect the position of Seller as a subcontractor to Timken, and the obligations of the Contractor to the Government as provided in these clauses shall be deemed to be the obligations of Seller to Timken. However, wherever the clauses include a requirement for the settlement of disputes between the parties in accordance with the "Disputes" clause, the dispute shall be disposed of in accordance with the Governing Law and Venue clause of the Agreement, as applicable, and not the Prime Contract or Subcontract.

6.3. Where necessary to make the context of these provisions applicable to this Agreement, the term "Government" and equivalent phrases shall mean Timken, the term "Contractor" shall mean Seller, the term "Contract" shall mean this Agreement, and the terms "Contracting Officer" and equivalent phrases shall mean Timken's contractual representative, except in those instances where regulations or sense of the clause dictate otherwise, or as otherwise specified below. Rights of inspection and audit of Seller's books and records provided in the clauses below, are, however, reserved exclusively to the Government.

6.4. The effective version of each FAR and DFARS clause shall be the same version as that which appears in the Prime Contract or Subcontract. Unless the specific FAR/DFARS clause referenced below is mandatory by law, statute, or regulation, in cases of inconsistency between any other provision of this Agreement and a referenced clause, the other provision of this Agreement shall be controlling.

6.5. Seller shall indemnify and hold Timken harmless from and against any loss, damage, liability or expense caused by any failure of Seller or Seller's lower-tier subcontractors or vendors to comply with any of the requirements of the applicable FAR and DFARS clauses.

6.6. Seller acknowledges that Timken may flow down to Seller other agency (e.g., DOE, NASA) supplement contract clauses as applicable. Seller shall comply with such other agency clauses that Timken incorporates by reference in its purchase order or other document provided to Seller.

CERTIFICATION AND COMPLIANCE COMMITMENTS:

Registration of Seller's Company. Seller is registered with the DDTC, pursuant to Part 122 of the ITAR.

TCP. Seller has formally adopted and implemented a Technology Control Plan which controls access to ITAR-controlled technical data and Defense Services by Foreign Person in the context of employment, facility visits and other releases in the normal course of business.

No Export. Seller will not export any defense articles (including technical data) or any Defense Services in Seller's work for Timken, unless previously approved by Timken's Global Trade & Compliance department (timkenexport@timken.com) in writing, which shall not be unreasonably withheld, and exported in accordance with Timken's reasonable instructions. This includes no exports to a Timken location outside the U.S. or to a Foreign Person, even if that Foreign Person is an employee of Seller.

Foreign Person Involvement Prohibited. Unless there is an appropriate license or exemption from the DDTC (and approval from Timken), Seller will not allow any Foreign Person: (1) to view or have access to any of the drawings, specifications or other technical information that Timken has provided to Seller, or which Seller generates in Seller's work for Timken; (2) to observe the design, manufacture or any other aspect of Seller's work for Timken; (3) to participate in technical meetings or teleconferences about Seller's work for Timken; and (4) to receive e-mails or access records containing technical information about Seller's work for Timken, including information in Seller's files or data bases.

Warnings on Technical Data Records. Seller will clearly mark warnings on any drawings, e-mails, or other records containing technical data related to Seller's work for Timken, to the effect that the technical information contained in those records cannot be accessed, transferred or otherwise provided to Foreign Persons, unless expressly permitted by license or other authorization from DDTC.

Records Showing no Foreign Person Access. Seller will maintain reasonable records to demonstrate compliance with the foregoing certifications and commitments. Seller will retain these records for at least a period of five (5) years and shall make them available to Timken for inspection upon request.

Strict Compliance. Seller's personnel are trained and familiar with the ITAR and any other applicable laws or regulations regarding the provision and export of defense articles and defense services.

I am an Empowered Official of the Seller identified above. I certify to the accuracy of the statements set forth above and agree on behalf of the Seller to the ITAR compliance commitments made above.
