Safe, efficient manufacturing. It’s vital to the health of the products you produce – and the viability of your business. And while your operations must meet demanding safety regulations, they also need to maintain profitable uptime. You need equipment tough enough to handle chemical wash-downs, high temperatures, fast throughput and other challenges they endure day in and day out.

Work with Timken to overcome your toughest challenges. Together, we are stronger, by design.

For more information, visit us at www.timken.com.
We manufacture and deliver one of the broadest ranges of application-proven industrial solutions for the food and beverage industry. After decades of pouring leading edge engineering and food processor knowledge into the world, we now know more about your needs than ever before.

Our products thrive in severe operating conditions, and you gain a partner who understands the regulations and operating challenges you face.
