

# Setting Up of Six Large-Capacity Medical Oxygen Generators at Government and Charitable Hospitals for Covid Relief

## Project Description

The COVID-19 virus wreaked havoc around the world affecting millions of people and claiming lives of thousands. The second wave, which hit India in April 2021, turned out to be even more devastating. With reports of hospitals running out of oxygen, Timken decided to jump in and supported hospitals with oxygen generators. We worked with a reputed manufacturer and procured six large-capacity medical oxygen generators, totaling 1300 liters per minute. We have set up these oxygen generators at the following hospitals:

This project was directly implemented by the Company without any Implementing Agency.

Hospital	Location	Oxygen Generator Capacity
Meenakshi College for Women	Chennai, Tamil Nadu	150 LPM & 250 LPM
Sangolli Rayanna Hospital	Bangalore, Karnataka	150 LPM
Government Hospital	Tumkur, Karnataka	250 LPM
CSI Hospital	Chikkaballapur, Karnataka	250 LPM
Bee Enn Hospital	Jammu, J&K	250 LPM

## Fund

Funds worth Rs. 3,64,84,515 were spent on this project.

## **Support for School Infrastructure**

### **Project Description**

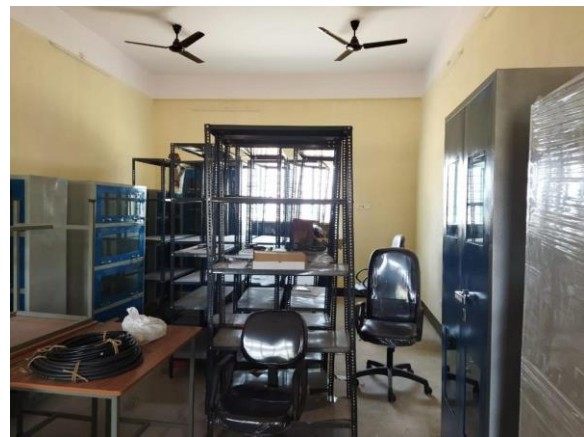

Torang Trust is building a school in East Singhbhum district of Jharkhand. This project is aimed at providing financial support to the ongoing school project meant to provide quality education to economically deprived tribal children in the area for upgradation of school and hostel infrastructure. The project consists of procurement and installation of necessary equipment for hostel and school such as furniture, computer lab equipment, science lab equipment, library, CCTV, smart classroom equipment, sports equipment, music instruments, and other necessary requirements.

### **Implementing Agency:** Torang Trust

Torang Trust is a charitable trust founded in the year 2005. This Trust works in the areas of Protection of Child Rights, Women empowerment, Implementation of Forest Rights Act, Youth promotional activities, Women's Human rights, and Preservation and revitalization of tribal and Jharkhand food, Art, Culture, Folklores, Traditions among others.

### **Fund**

Fund of Rs. 91,00,000 was provided for this project.

## Timken Scholarship for Higher Education

### Project Description

To support 100 students pursuing B.E, B Tech., ITI, Nursing and Diploma courses, from financially weak background with their fee. Eligibility criteria is set as minimum with score requirement as 50% and family income below 8 lacs. The process goes as follows:

- o Grant disbursal to Tata Institute of Social Sciences (TISS)
- o Registration of Students on the Vidyasaarathi Platform
- o Receiving Applications and Screening
- o Shortlisting and Approval of the Student
- o Amount disbursal

### Implementing Agency: Tata Institute of Social Sciences (TISS)

Tata Institute of Social Sciences (TISS) along with Vidyasaarathi a technology-enabled initiative by NSDL e-Governance Infrastructure Limited (NSDL e-Gov) works to bridge the gap in education finance in the country through an online platform. Students can search and apply for various education finance schemes they're qualified for. Fund providers, industries, and corporates can promote skill development by designing education finance schemes in Vidyasaarathi and manage the same. The solution would help them manage the entire online education finance application lifecycle, i.e., submission and review of application, award of scholarship, disbursement of funds, and renewal of education finance.

### Fund

Fund of Rs. 53,18,354/- was provided for this Project.

## Skill Enhancement Training Program

### Project Description

The Skill Certification Scheme is focused at enabling a large number of Indian youths to take up industry-relevant skill training that will help them in securing a better livelihood. Individuals with prior learning experience or skills will also be accessed and certified under Recognition of Prior Learning (RPL) component of the scheme. The objective of this project is to upskill 180 technicians in the Commercial Vehicle segment. The program also provides them with tools necessary to carry out their jobs more efficiently.

**Implementing Agency:** Automotive Skill Development Corporation (ASDC)

Automotive Skill Development Corporation is a registered non-profit organization in India focusing on developing and upgrading Automotive Skills for Mechanics, Truckers and Automotive workforce. ASDC is the first sector Skill Council of India promoted by the automotive industry, automotive bodies, Ministry of Skill Development and Entrepreneurship (MSDE), Ministry of Road Transport & Highways (MoRTH), and National Skill Development Corporation (NSDC).

### Fund

Fund of Rs. 10,64,832 was provided for this project.
